Arrival Time

For preparation before your spa treatment, your arrival time should be at least 20 minutes prior to your treatment. We request that you shower before your treatment either at home or here at Enpointe'. Showering allows you to receive the full benefit of your body treatment.

Late for your appointment

A late arrival for your scheduled treatment lessens your treatment time. Each treatment must end on time so that the next patron will not be delayed. The full cost of your treatment will still apply.

Return Policy

Returns will be accepted for an exchange or store credit.
